Behavioral Health Services for Students 2026-2027

At Benjamin Franklin Elementary & Middle School, we believe that students thrive when their social, emotional, behavioral, and academic needs are supported. Through our partnership with **Thrive KIDS** and the support of **two dedicated school social workers**, we are committed to fostering a safe, nurturing, and inclusive environment where every child feels seen, heard, valued, and supported. By working collaboratively with students, families, and educators, we help children develop healthy coping strategies, build positive relationships, navigate challenges, and strengthen the social-emotional skills necessary for success in school and beyond.

At BFE, we don't just educate minds. We nurture the whole child.
